

The Great Physician

Matt. 9:12-13

Purpose: to see the need to look to Jesus for the remedy for our problems.

Sickness is everywhere

- With so many people sick with sin and violence, isn't it time we turned to Jesus for healing?
- Jesus is our Great Physician!
Matt. 9:9-13.

Jesus is all about healing

- Look at Matthew 8 and 9 at the healing Jesus does. Leper, servant, Peter's mother-in-law, demons cast out, paralytic, girl brought back from death, woman healed, blind, mute.
- Jesus was moved with compassion, bore our sicknesses.

Pharisees challenge

- Matt. 9:9-13. Matthew, sinners and Pharisees.
- Pharisees saw themselves as better than others, self-righteous, unwilling to see their own sins. Didn't know they were sin-sick.
- Missed the greater things while keeping others.
- Matt. 23:22-28.
- How can Jesus help us?
