## Economic Growth Picks Up

This year, all over Europe and Central Asia, emerging economies are expected to grow. It was noted that some countries in the region could be seriously affected by rising food and energy prices. Major oil exporters, which account for 15 percent of the entire world's oil, are benefiting from price increase and it contributes to economic growth and stability of the budget balance.

However, rising prices for food and fuel prices creates an additional source of vulnerability for many importing countries, noted at a conference. In response, governments in the region proposed to increase the coverage and targeting of social protection systems to support the poor. Recommendation systems some of the measures that were taken in the region in response to previous price increases for energy and food - such as price controls and restrictions on foreign trade and export of food. Specialists drew attention to a new problem - the growth in commodity prices, which turned out to be more significant than expected. The growth in food prices is even more serious problem in emerging markets, where central banks do not enjoy a special trust. Therefore, in these countries, they should be more careful. It is possible that for some time, the level of inflation will be somewhat higher than expected. However, according to our forecasts, we do not think that it will have a severe negative impact on economic growth. High prices for raw materials may pose a real threat to the development of the region.

## Real estate market review

This year as a whole is expected to steady but slight growth. This means that in most real estate markets will dominate the cautious mood. According to experts, renters are unlikely to seek significant investment, and actively expand in the face of uncertainty. So, they want to see evidence of the resumption of sustained growth around the world before the deal with the extension. So that the base rental rates in most major business centers in the following year will remain at about the same level as that in the past. According to the forecast, this year is possible and a marked increase in base rental rates in some cities, applying the effect that economic growth will have on demand for space by renters in the near future, experts believe that the decisions taken by companies lease refer to the long term. In addition, the experts reviewed the changes that have occurred in the property market over the past year.

## Oil prices hit two-year

The other day trades in oil contracts reached a 2-year high not seen since September 2008, amounting to \$ 108 per barrel. At the stock price of crude oil decisively crossed the 2-year level, and the trades have reached a level

ZOPHAR

JOB

Wicked die young.

Wicked reach old age.

Godless suffer calamity.

When?

Death hard on wicked.

Dies at ease.

# JOB

JOB (16:9-14): God is...

A wild beast (v. 9).

A traitor (v. 11).

A wrestler (v. 12).

An archer (vv. 12, 13).

A warrior (v. 14).

# The CRY of JEREMIAH

Why does the way  
of the wicked  
prosper?  
Why do all who are  
treacherous thrive?

A close-up, high-contrast photograph of a person's eye. The eye has a striking red iris and is looking directly at the viewer. The eyelids are lined with a vibrant green eyeliner. The skin around the eye is a warm, reddish-orange hue. The background is a solid, bright red color.

You plant them,  
and they take root;  
they grow and  
produce fruit.

Evildoers not only  
prosper but they  
put God to the test  
and they escape.

For we must all  
appear before the  
judgment seat of  
Christ, so that  
each one may  
receive what is due  
for what he has  
done in the body,  
whether good or  
evil.

...nothing unclean  
will ever enter it,  
nor anyone who  
does what is  
detestable or false.

*Is it proper to question God?*

*Ask...*  
with faith.

*Ask...*  
with faith.  
with reverence.

*Ask...*  
with faith.  
with reverence.  
with confidence.

The COMEBACK  
of JEHOVAH.

If you have raced  
with men on foot,  
and they have  
wearied you, how  
will you compete  
with horses?

And if in a safe land  
you are so trusting  
what will you do in the  
thicket of the Jordan?

He makes His sun rise on the evil  
and on the good, and sends rain  
on the just and the unjust.

But the way  
of the  
transgressor  
is hard.
