BIBLE READING FOR THE WEEK OF APRIL 15-21: I CORINTHIANS 7-11

POSITIVELY POSSIBLE

WITH AUSTIN

Paul was an educated scholar who could have overwhelmed his audience with intellectual arguments and vernacular. Jesus was the Son of God, eternal in the heavens, creator of all mankind and language alike. He could have shown his superiority in spades as he spoke above the heads of his listeners. However, it has been said that Jesus never used a word or phrase that would be above the level of a 12 year old's understanding. Paul came, not with eloquent words of wisdom, but simply proclaiming Christ and him crucified.

What is the point? God wants us to understand His will and made sure His messengers spoken in such a way that the message would be understood. We can grasp the redemptive message of the Creator of the Universe! You may, at times, think the Bible is too much for you to grasp. Through prayer, with help, you can know God's will for you. Remember, with our God, all things are [positively] possible!
